### ACME LAUNDRY COMPANY OF EL PASO CHARTERED

Austin, Tex., April 15.—The Acme Laundry company, of El Paso, capital stock \$50,000, and incorporators J. O. Crowson, H. B. Crowson and J. M. Presley, was chartered today.

## HUNTER'S PRISON SCHEME FAILURE

(Continued from page 1.)

trary, he is out of the state by express permission of the governor. More than one legal fight says that if he refuses to return, there is no power lodged in any person to make him do so.

Another incident that has just transpired and which has greatly increased the criticism against the "honor system" as at present operated, is the arrest of one of the watchmen at the Tempe stockade in connection with a counterfeiting charge. This man and another named Carroll, who is unknown here, are in jail, their arrest following the discovery that quite a large number of \$10 and \$20 counterfeit coins are in circulation in and about Phoenix. A supposed \$20 gold piece is said to have been received by a young woman from one of the prisoners at Tempe the other day. The coin was counterfeit. Another counterfeit coin, this time a \$10, was turned loose in a poker game in a well-known resort in this city. Several tens and twenties have been received by the watchmen. Billy Wolf, one of the deputy sheriffs, was detailed on the case and after a week's work he arrested a man named Carroll, who seems to be a fugitive without friends or occupation, and one of the men who guard the prisoners at the stockade. The astounding part of the whole matter is the suspicion that the "plant" may be located inside the Tempe stockade where the convicts sleep at night.

The officers are reluctant to talk about the case, but it is known that such a suspicion exists. It is also known that among the convicts employed on the Tempe bridge are several clever counterfeiters and the suspicion of the officers are probably directed against those men. But just what the nature of the evidence against the guard under arrest the officers refuse to say.

But whatever else may come of this investigation and of the Matta incident, they mean at least the death of the administration prison bill, which was designed to place full power for the control of the convicts in the hands of the governor. And they will have a strong favorable effect on the Craig bill or some other similar measure.

**House and Senate Fight.**—Indications regarding the relations existing between the two houses point to storms. It happens that several bills, originating in the house, have been passed and sent to the senate, only to be sidetracked, when probably identical bills classified as senate measures have been substituted. The house has stood this treatment ever since the beginning of the session; but yesterday there was a sharp and emphatic protest. It came when the house recall bill was up for consideration. The house passed a substitute to the Wood bill, which it believed to meet all the requirements of the case. The bill was sent to the senate and there, when it came from committee, it had a large number of amendments tacked on. These amendments, the members of the house say, are entirely unnecessary, and the lower body refused to concur in them. So, it now becomes necessary to appoint a conference committee from each body, which shall act upon the bill and report it back to both branches. Thus the recall measure, which the members had pledged themselves to pass as their very first act, is still hung up, though almost half the session is gone.

**Democrats Cause Delay.**—And regarding this subject, A. R. Lynch, leader of the minority Democrats in the house, arising to a question of personal privilege, sharply criticized the majority for the dilatory tactics which are so much in evidence. He called attention to the fact that although the middle of April is almost here and the legislature will adjourn in less than a single month, the constitution has been crystallized into law; and he asked the majority what they are going to do about it when they go home to face their constituents, if they permit the session to go by without carrying out their pledges. Then it developed that the speaker, who had been entrusted with whipping the required legislation into shape, had been trying for the past week to get action from a similar committee of senators, but that nothing had come of their efforts.

**Phoenix and the Capital.**—There has been some counting of noses among the legislators since Mr. Wessel of Yuma county, introduced his bill providing for the removal of the seat of government from Phoenix to Tucson. Naturally, a proposition of that kind does not arouse any considerable degree of enthusiasm among the Maricopa county delegates, not, indeed, among those from the north and Maricopa and the north are not the whole show, and there is no dissimulation of the fact that this county is not the best odor in several sections of the state. The truth is, there is a pretty strong impression that, considering all that has been done for Maricopa county, it is pretty nearly time some other section of the state should obtain recognition.

That is the talk; but whether anything will come of it cannot be said at this time. Everybody who was in at that time the seat of government was shifted around so variously that it was almost impossible to keep track of it. A school boy couldn't tell from one term to another whether the capital was Phoenix, Tucson or Prescott.

**Oklahoma Sets Precedent.**—When they got ready to admit the territory congress took a hand in this shifting propensity and provided in the enabling act that Phoenix must remain the capital until 1925. But then the Oklahoma case came along. They had the same sort of provision in Oklahoma's enabling act, to the effect that the capital must remain at Guthrie for a given number of years. But the state had been in the union but a short time until they moved the seat of government to Oklahoma City, and the courts held that the enabling act had no effect and that the people of the state could have their seat of government wherever they pleased. So, it will be seen that if Maricopa county cannot rely on the enabling act, it is a real fight for the removal of the seat of government.

**Clark Invited to Speak.**—The resolution inviting speaker Clark to address the senate has been passed finally. The speaker is asked to name his own time for the visit. Another measure is a bill providing for the raising of the gross value of the output of 7 percent of the value of the output. Leon Jacobs, of this county, is the author of the bill.

**Senators Will Hughes and Worley** are the busy members of the senate. The three of them have introduced slightly more than 50 bills, almost half the total number. If all the members of the legislature had been as active as these three, the total number of bills introduced to date would have been in excess of 1,000; and if the ratio were kept up throughout the term, by adjournment there would have been a grand total of about 2,500 measures for consideration.

As it is, more than 200 bills have been thrown into the hopper, and there is no prospect of a diminution of the flood.

**REFUSES TO ELECT SUCCESSOR TO FALL**—New Mexico House Declines to Go Into Joint Session Election.

Santa Fe, N. M., April 15.—The house with overwhelming majority today adopted a resolution declining to go into joint session with the senate

## DEMOCRATIC CONVENTION SPLITS; TWO CONVENTIONS HELD

(Continued from page 1.)

When Czarnecki reached the armory, however, backed by 250 bluecoats and 100 deputy sheriffs, to open the convention, he was refused admittance by Capt. Oetigan of the Seventh regiment.

Capt. Oetigan explained that as custodian of state property in the building, he would permit no one to enter the building except those authorized by John McMillen, lessor of the building, as county chairman of the Democratic convention.

The Hearst-Harrison faction, at a near by hall, elected temporary officers and marched to the armory and waited developments outside.

The Sullivan forces have behind them an injunction from superior judge Sullivan restraining the police, the election commission and the Hearst-Harrison faction from interfering with the convention. Each faction ignores the court order of the other. Several armed men there were clashes between troops inside the building and the police seemed imminent.

**ROOSEVELT WINS IN PENNSYLVANIA**—Will Have 53 Delegates from the State—Wilson Also Carries Primaries.

Philadelphia, Pa., April 15.—Col. Roosevelt's sweeping victory kept growing as the returns continued to come in.

Incomplete returns from every district give the former president 53 in the Republican national convention. The Roosevelt supporters are claiming 67, and later returns may carry the figures to that total.

Politicians look upon the triumph of Col. Roosevelt with astonishment. The supporters of the former president were without a state organization or without an organization in many of the 32 congressional districts.

The regular organization, headed by United States senator Penrose, which has withstood the fury of many political storms, received a crushing defeat in the loss of control of the state convention. It is the first time in the present generation that it lost control of that body.

**May Depose Penrose.**—The significance of the Roosevelt victory will be that it will enable the delegates in control of the state convention to have the power to elect the state chairman, and under the party rules, the delegates to the national convention elect the national committee. At present senator Penrose holds both positions.

It was said by a prominent member of the state convention tonight that some of the Roosevelt delegates elected to the state convention are regular organization men who, while voting for Roosevelt delegates, will stand by the state organization.

Some of the organization leaders, who refrained from personally entering the primary as candidates for district

during the present legislative session for the purpose of electing a United States senator to succeed Mr. Fall, whose term expires March 4, and who had asked that a joint session be held immediately to re-elect him.

The house passed an act to authorize suits for damages against railroad to be brought in the state courts by non-residents and an act to prohibit blacklisting.

**CEMENT RATE FROM EL PASO REDUCED**—State Railroad Commission Grants Application For 18-cent Rate.

Austin, Tex., April 15.—Acting on the application of the Galveston, Harrisburg and San Antonio railroad, the railroad commission today granted a rate of 18 cents for the transportation of cement in carloads from El Paso to Houston.

This makes a reduction of 5 cents on this commodity from the two cents and was brought about by the application filed some time ago with the commission by S. C. McCurdy, general sales agent of the Portland Cement company at El Paso. The rate is effective April 28.

**HEWETT TO BE IN CHARGE OF EXHIBITS**—School of Archaeology President to Leave For Central America.

Santa Fe, N. M., April 15.—Dr. Edgar L. Hewett, president of the School of American Archaeology at Santa Fe, today accepted the tender of the position of director of exhibits at the Panama exposition at San Diego, and will sail on Wednesday for Central America, with Jefferson Davis, director of publicity to consult with the Central American governments as to exhibits.

**THE COURTS.**—34TH DISTRICT. J. R. Harper, Presiding.

Dora Washington vs. Robert Washington, and Lulu Jackson vs. Robert Jackson, divorces, granted.

J. D. Bryant vs. A. T. & S. F. Railway company, suit for \$30,000 damages filed. Jose Gonzalez vs. A. T. & S. F. Railway, suit for \$15,000 damages, filed.

**41ST DISTRICT.** A. M. Walthall, Presiding.

J. W. Jackson vs. H. L. Stevens & Co., suit for damages, judgment for plaintiff in sum of \$750.

Edith Lawler vs. William Lawler, suit for divorce, filed.

**COUNTY COURT.** A. S. J. Elyar, Presiding.

F. A. Flores, J. H. Freeport, Willis Mason, L. R. Mullady, Jose Denlare, charged with carrying pistols, complaints filed.

**JUSTICE COURT.** E. B. McClintock, Presiding.

Gregorio Navarro, charged with burglary, bound over to grand jury in sum of \$500.

Henry Harris, charged with forgery in two counts, bound over to grand jury in sum of \$1000.

Save \$10 or \$15 on that spring suit. We have a few uncolored for suits in new, smart patterns—every one tailor made. R. V. Pearson, 110 Texas.

Smith's ice cream. El Paso Dairy.

We still have some big bargains in door screens, doors and sash, at less than half price. Lander Lumber Co.

delegates, had expected they would be selected as delegates at large.

**Likely Delegates.**—Among those understood to have been looked upon as the likely delegates were senators Penrose and Oliver, governor Tamm, secretary of state Robert McCreary, and senator McNichol, leader of the party organization in Philadelphia.

**Philadelphia.**—In Philadelphia, president Taft's adherents captured three of the six districts and split the delegation in another, giving the president seven delegates to Roosevelt's five. The delegates favoring Taft were not instructed. Among those who voted for Roosevelt were John Wana-maker and E. T. Stotesbury, who were elected as Taft delegates in the second district.

In Allegheny county, which includes Pittsburgh, Col. Roosevelt captured all eight delegates in the four districts. Among them is William Flynn, who has fought the regular state organization for years.

**Wilson Wins; Big Fight On.**—Governor Wilson had an easy time winning 74 of the 78 delegates to the Baltimore convention. At present there are two Democratic organizations in Pennsylvania and each has endorsed the New Jersey governor for president. A few scattered candidates for delegates favored Champ Clark.

Figures at hand indicate that the "re-organized" Democratic faction, headed by George W. Guthrie of Pittsburgh and congressman A. Mitchell Palmer, elected a majority of their delegates in opposition to the regular organization headed by James M. Guifey.

The Guifey faction called a state convention at Harrisburg on the same day. Negotiations have been pending for a single convention and it is not known whether the primary result will hasten harmony.

**Roosevelt People Elated.**—Washington, D. C., April 15.—"The avalanche victory for Col. Roosevelt in Pennsylvania spoke the final word and made the reputation of the Taft candidacy complete," was the statement at the Roosevelt headquarters.

The president is in this fight to stay. He will be the nominee of the Republican convention at Chicago. He was nominated four years ago without the votes of Illinois, Pennsylvania, Indiana, New York or Wisconsin.

**ANTI-RING CAMPAIGN OPENS IN THE COUNTY**—Independent Club Gives a Dance and Five Hundred Attend.

Anti-ring candidates and sympathizers threw the first bomb in the primary campaign at Clint and San Elizario Sunday. Five automobiles filled with candidates and orators made a trip to those towns and talked politics to the voters.

All the candidates except Harry Turner and mayor N. Lapowski were on hand, and speeches were made by Dwan Jackson, Camille Padilla, Ike Alderete and Jose R. Silva.

Sunday night the "Club Democratic Independent" (The Independent Fraternity) held a dance in the Fraternal Brotherhood hall at which nearly 500 persons were present, the hall being taxed to its full capacity.

This club is supporting Ike Alderete for the office of district clerk and he was on hand to keep things moving.

**RICHARD HUDSON DEAD AT DEMING**—Oldest Resident of Grant and Luna Counties Succumbs to Illness.

Deming, N. M., April 15.—Richard Hudson, age 75, and the oldest resident of Grant and Luna counties, died at his home in Deming Sunday afternoon after a number of years of feeble health.

He was the first sheriff of Grant county, was customs collector here from 1895 until the office was moved to Columbus, and was the originator of Hudson Springs, known now as Perrywood Springs, and was for a number of years engaged in the cattle business.

He was born in an engineer in this section as lieutenant in the famous California column under General West to take Arizona and New Mexico from the Confederates and has been here ever since. He was a Shriner and will be buried Tuesday under the auspices of the order.

He leaves a wife and daughter, his wife was Mary Stevens, whom he married in San Diego in 1872, and his daughter Mrs. Hugh H. Williams, wife of corporation commissioner Hugh H. Williams.

**MISS ETHELDREDA GORMAN.**—Miss Etheldreda Gorman, 17 year old daughter of Mr. and Mrs. W. E. Gorman, of 1807 Boulevard, died at a hospital Sunday night at 10:30 after an illness lasting one month.

The father is an engineer employed by the G. H. & S. A. railway in this city and moved here together with his wife and three children from Chattanooga, Tenn., about six years ago.

The funeral will be held from the residence on Boulevard at 8 o'clock Tuesday morning, succeeding from there to the church of the Immaculate Conception, where a requiem mass will be said at 9 o'clock. Interment will be in Concordia Catholic cemetery.

**MONTE FRANKLIN SNIDER.**—Monte Franklin Snider, the infant son of Mr. and Mrs. George W. Snider, died Saturday night at the family residence, 211 San Jose street.

Funeral services were held Sunday afternoon at 588 Texas street. Rev. Perry J. Rice officiating. Interment was made in Evergreen cemetery.

**B. F. FILLMORE'S UNCLE.**—B. F. Fillmore, assistant manager of the State House, has received papers announcing the death of his uncle, Judge L. A. Fillmore, of Joplin, Mo.

The death of Judge Fillmore occurred at Jacksonville, Fla., where he had caused the cough, whenever it appears. Price 25c, 50c and \$1.00 per bottle. Sold by Scott White & Co., three stores.

**MASSACHUSETTS MAN BUYS ROSWELL PROPERTY**—Roswell, N. M., April 15.—Dr. J. Louis Garst, of Worcester, Mass., has bought of Judge W. W. Gatewood a two story adobe building, 24 feet frontage, near the Grand Central hotel on Main street, for \$8000. Dr. Garst owns the 50-foot corner lot adjoining this purchase, on which he has a two story building, but is planning to raze both buildings and put on a fine modern building, 74x198 feet, on the site. He owns 248 feet more fronting on Main street in the block north of this corner.

## We Never Sold Silks So Fast or at Prices So Low!

UNQUESTIONABLY, the low prices account for the enormous selling this Silk Sale has occasioned. We expected just this sort of a reception for these matchless silk values.

Didn't we predict it? Didn't we tell you Saturday that we would sell more silk in one day than we usually sell in a week? We are doing it. It looks as if we would even do more than that.

Every yard of silk on sale is this season's designs, dependable, fashionable.

Wisdom prompts that you attend the sale Tuesday—very rarely such dependably good silks are on sale at these prices. If you didn't come today, come tomorrow and see. We are selling silks almost as low as we purchased them.

## OCEAN GIANT HITS ICEBERG; WRECKED

(Continued from page 1.)

miles away and started at once for the scene.

**Largest Steamer Afloat.**

The Titanic is the largest steamer ever built. She is 82 feet long and has 48,325 tons displacement. She was launched last May and this was her maiden trip. Among the passengers are Col. and Mrs. John Jacob Astor, Alfred G. Vanderbilt, Maj. Archibald Butt, military aid to president Taft, F. D. Millet, the artist, Mr. and Mrs. Isador Straus, J. G. Widener, of Philadelphia; president Hays, of the Grand Trunk railway; J. Bruce Ismay, managing director of the White Star Lines; W. T. Stead, and others.

**Was on Maiden Trip.**

The Titanic, which is on her maiden trip, is in charge of captain E. J. Smith, who was on the bridge of the big Olympic when that boat collided with the British cruiser Hawke last September.

Steamship men here today characterized the disaster as "the most startling news that has come from the sea since the advent of wireless telegraphy."

The first heard of the accident was about 1 o'clock this morning when a bulletin from Montreal stated that the liner Allan officers had received a wireless from captain Campbell of the steamer Virginian stating that the Titanic was calling for help, after colliding with an iceberg. The Virginian's captain added he was heading his boat for the Titanic, whose position was said to be about 450 miles south of Cape Race, N. F.

**News of Disaster From Cape Race.**

Immediate inquiry by the Associated

Press in an urgent dispatch to the Marconi station at Cape Race was answered soon afterwards in the following words:

"At 10:25 last night the steamer Titanic, called C. P. D., was reported having struck an iceberg. The steamer said that immediate assistance was required. Half an hour afterwards another message came reporting they were sinking by the head and that women were being put off in the life boats."

The weather was calm and clear, the Titanic's wireless operator reported, and gave the position 41°45 north latitude and 50°14 west longitude. The Marconi station at Cape Race notified the Allan liner Virginian, the captain of which immediately advised that he was proceeding for the scene of the disaster.

**Virginian Hastening to Rescue.**—The Virginian at midnight was about 170 miles from the Titanic and expected to reach that vessel about 1 a. m. today.

The Olympic at midnight was in latitude 40°32 north and longitude 51°15 west. She was in direct communication with the Titanic and is now making all haste toward her. The steamer Baltic also reported herself as about 200 miles east of the Titanic, 10:15 a. m., making all possible speed toward her.

**Last Signals Omnibus.**—The last signals from the Titanic were heard by the Virginian at 12:37 a. m. The wireless operator on the Virginian says these signals were blurred and ended abruptly.

Vice president F. A. R. Franklin, of the International Merchant marine, the highest official of the White Star line here, was one of the first to be notified of the reported disaster, but it was only through the Associated Press that he learned of it, and for hours thereafter he could only express his astonishment at the news and his doubt that such a large and thoroughly protected ship as the Titanic could be in danger at sea.

**PAVING COMPLETED ON NORTH EL PASO**

Last Blocks Laid Monday; Finishing Will Be Done Tuesday.

North El Paso street is now paved from San Francisco street to California street, in the highlands. The paving crew completed the last block Monday afternoon, and will begin repair work Tuesday. An effort was made to have the next block north on El Paso street paved to River street, but the cost of grading was too much, as it is a 11 percent grade at that point.

Seven miles of paving is to be laid in Manhattan Heights in northeast El Paso by the Petrolitic company as soon as the repair work is completed.

There never was a time when people appreciated the real merits of Chamberlain's Cough Remedy more than now. This is shown by the increase in sales and voluntary testimonials from persons who have been cured by it. If you or your children are troubled with a cough or cold, give it a trial and become acquainted with its good qualities. For sale by all dealers.

Unexcelled for suits and trousers at less than cost. R. V. Pearson, 110 Texas.
